

Find inspiration from Mother Nature to create a new creature.

Elephants are the largest existing land animal. More than 300 species have walked the earth over a period of 55 million years.

What if this character was tiny?
What if it had patterns and stripes like those you find on sea shells?
What if its tail was shaped like a bluebell flower?

Draw over this outline to create your very own *Old World, New World, Other World* character.

Old Worlds, New Worlds, Other Worlds
